- AOB

# OSCaR (Lisa)

OSCaR (Open Source Case-management and Record-Keeping) System is a web-based system that enables accurate information gathering and customisable program modelling in a central hub.

https://www.childreninfamilies.org/what-we-do/oscar/

https://oscarhq.com/

# USAID and IECD (Jess and Channy)

USAID Cambodia Integrated
Early Childhood Development Activity

**Objective:** Increased developmental monitoring and early identification of children with developmental delays and disabilities

**cDMAT
CB-DMAT**

# Family stimulation guide translation (Jess)

Family Stimulation Guide Translation

- All domains have been translated.

- Video upates

# Family stimulation guide illustrations (Jess and Lina)

# Experience from the ground (all)

- At AHC (Pheaktra)

- At Safe Haven (Pheary)

- At CIF (Lisa)

- At RTI (Channy)

# cDMAT Workshop (Lina)

- Planned for Dec 2021 – cancelled due travel restriction for Lina

- Move to 2022. When? Vendor?

- Planned program for the 1-day workshop
  - Sharing experiences
  - Comparing kits
  - Training courses
  - Training package (what should be in the package???)

# Agenda

- New contacts since last meeting (Lina)

- Status on projects (all)
  - OSCAR (Lisa)
  - USAID/IECD projects (Jess and Channy)
  - Stimulation Guideline and translation (Jess)
  - cDMAT illustrations (Lina and Jess)
  - Experience from the ground (All)
  - cDMAT workshop (Lina)

- Activities planned for rest of 2022 (All)

- AOB

# Future activities and projects 2022

- Continue projects (RTI, CIF, Safe Haven, and others)

- Complete translation of Family Stimulation Guide and illustrations

- Plan and hold cDMAT Worksop for cDMAT Core Group

- Focus on CB-DMAT?

- Contact the MoH (NPH) again?

- Recruit more members?

- Next meeting – May 2022 in Seam Reap! (?)

# Future activities and projects 2022

- Validate people's ability to use CDMAT after they have been trained
  - Safe Haven trains and evaluates
  - AHC trains but no follow-ups

- We need more data from the ground!

- Sensibility testing of the tools (at least the CB-DMAT)
  - Statistician to help design a study_sample signs
  - PI to run the study
  - Data managers
  - Study team
  - Fundings and partners

# Role and purpose of cDMAT Core Group

- Current role and purpose:
  - Improve cDMAT and CB-DMAT where needed
  - Maintain public interest through coordination and update website
  - Implement cDMAT and CB-DMAT

- New role and/or restructuring. Should we form committees?
  - Administrative committee for decision making such as contacts, coordination, new projects, etc?
  - Scientific committee for content-related changes to the cDMAT and CB-DMAT?
  - Other types of committee?
  - Other idea?
